

Proposal #77 - Military Privateer Act

This proposal, presented by Senator [Maysaki](#), died on the [Senate of Yamatai](#) floor in [YE 30](#) but the [Nataria Fleet Depot](#) at Nataria created its own [Star Army Privateer Program](#) to do this.

Purpose

-To gain more ships to be crewed -Allows citizens to help more in the war

Proposal

- All ships from the Fleet Depot will become free on one condition to the masses. - The condition is that they must serve for the fleet until the war's end, although they serve with that vessel as the crew. This might be simply patrolling and scouting, or joining Star Army vessels in battle. - Sprites can be generated for the crew during war time, but it must be authorized by Star Army via MEGAMI.

Explanation

"Citizens don't want to join Star Army as they don't want to get stuck in the army or something, and as a whole its some what daunting as the majority of the military is manned by Neko - War machines. I personally believe this would help."
