

Teisenjou Law Enforcement Complex

The Law Enforcement Complex is a shared facility that houses all of the law enforcement agencies that operate in [Teisenjou City](#). The decision to make this twenty story crescent shaped building serve all the law enforcement allowed the different agencies to coordinate investigations. Especially since often crimes may cross jurisdiction.

The first two floors are shared by the three agencies. The rest of the building is divided into six floor sections dedicated to each agency. They have their own offices, armory etc. In the basement there is a firing range.

Agencies

- [Teisenjou Police Force](#) - Currently the Teisenjou Police Force is privatized, they are funded by the corporation. This was done to remove the burden of paying for the law enforcement when the city was still trying to develop and raise capital. Once the city can afford to operate the TPF the funding will be stopped.

- [Yamatai National Police](#) responsible for enforcing and investigating crimes at the Prefecture level. Also per the charter of the TJP the YNP is given jurisdiction over any crime involving [Tamahagane Corporation](#) personnel or assets.

- [Yamatai Security Agency](#) maintains security at the [Spaceport](#) and customs stations there and at the [Ferry Station](#).

Equipment Available

- [EM-O1 "Tadayou" Series Drones](#)
- [EM-K4-2a "Zephyr" Law Enforcement Air Car](#)
- [Junsa armor](#)
