

188604 Reading Order

To better organize the 188604 plot, the suggested reading order is listed below.

Arc 1: 188604

Uso hires some muscle, and heads out to the Frontier to take over a local world. The local resistance coming to an end during a massive fight during a sandstorm, ending with the survivors deciding to work with Uso and Ragnarok. A spacer ship landing on the planet and attempting to harvest the population for parts goes a long way toward convening the locals that not everyone will be as easy going as Uso and Ragnarok.
