Immediately after the conversation, Valérieane quits her job and begins her training with Creature.

- [The Nomad Company of Asteria](#)

A group of armed men and women approach Creature, believing him to be a knight. Valérieane, still under the impression that Creature is a knight, approaches Creature, and asks if the crowd are his new bannermen. Creature affirms this, and Valérieane begins to list the names of the new recruits into a database, forming a new and unofficial levy company. After sign ups are complete, an informal training session begins. Mizuki and Thaddeaus engage in a romantic duel, while Creature sets to work on organizing the logistics of the company.

Creature emerges victorious, but Onikuma still retains his honor on account of his martial skill and valor. As the victor, Creature orders Onikuma to apologize to Valériane and to swear to his service. Onikuma relents and apologizes to Valériane, however, instead of swearing to Creature, he swears to Valériane.
