Motto	"A bunch of foxes, some birds, and a few cats, with a cutting edge Yamataian ship, on the frontier, with no one to answer to: what could possibly go wrong?"

Plot Overview

The [YCS Bastion of Winter](#), a [Yūgure-class Merchant Destroyer](#), is nominally a technology test platform for [Yugumo Fleetworks](#) that also conducts border patrols of the frontier. However, it has a secret mission unknown outside of a select few: unofficial diplomatic contact with the [Kingdom of Neshaten](#).

The [Motoyoshi Clan](#) knows the pain of betrayal from within. Sympathetic to the Kingdom against their internal struggles, and concerned with instability along the long border the [Motoyoshi Colonial Sector](#) shares with them, Motoyoshi knows that unstable neighbors are bad for business, and bad for their beloved [Yamatai Star Empire](#).

In [YE 44](#), [EE006](#), under the guise of “corporate outreach,” a handful of the best the [Shukara Volunteer Navy](#) has to offer, each one secretly a [Neshaten Agent](#) and a professional xenotechnology tester from [Or'ion Section Five](#)¹⁾ become “exchange officers” aboard the Yamataian vessel.

Strangely, the crew has been augmented with a xenoarchaeologist and a pair of [Lorath](#) xenobiologists as it sets out into the frontier. Does someone at Yugumo know something is out there?

And why is a ronin [Ketsurui Samurai](#) hanging around?

And if this is an “unofficial” contact between the [Yamatai Star Empire](#) and the [Kingdom of Neshaten](#), why is there a Yamataian ambassador on board?

A bunch of foxes, some birds, and a few cats, with a cutting edge Yamataian ship, on the frontier, with no one to answer to: what could possibly go wrong?

Rules and Pacing

The Plot, Playstyle, and Rules of the plot:

- Mostly SP. Maybe a JP. Maybe some Discord stuff.
- Still feeling out the pace, but it should be a low-pressure one.
- This plot uses [Troupe System](#) RP, where players have access to a shared cast of characters to control in addition to, or instead of, their own characters.
- This is going to be a low-stress, low-angst, exploration, diplomacy, science, and business plot.
 - That doesn't mean bad things will never happen or there will be no conflicts or violence.

-  **This Plot is UNRATED**
