## Cabin Assignments

The pilots have mostly enlisted personnel and therefore assigned towards [Standard Star Army Crew Cabin \(Enlisted\)](#) or own designed cabins. These cabins are small and cozy, containing most of the essentials for living. Intended for two enlisted crew members, it is just large enough for a bunk bed and a desk. Thought showers and toilets facilities are not included in the rooms, they are nearby in a shared room. Each cabin row is assigned to one squad and the Vice of that squad is responsible for these rooms.

## Basic Requirements

The 17th Strategic Bomber Group or also known as the Dragons usually requires a JP with the Squad Leader or with the Vice, but this applies only if you were not part of the general social thread for all members. You do not require previous experience to join the Dragons, so both new recruits and veteran pilots are welcome. The Dragons accept most races participating in the [Yamatai Star Empire](#).

The [17th Strategic Bomber Group "Dragons"](#) is attached towards the [YSS Tokyo](#), which is again attached to [First Expeditionary Fleet](#). This means, that the actions of both ship and fleet impact the Dragons in their operations. We are mostly put into action by attacking enemy craft, stations, starbases or planetary outposts, camps or cities. We are likely also put into patrol, search and rescue operations to support the

## Task Force 48.

### Rules & Pacing

1. All members of the plot are expected to post as often as the plot permits...
2. ...and at least once every 7 days.
3. Do not wait on another player to post for more than seven days.
4. If you will be absent or cannot post as often as required, post notice in the [OOO thread](#). Common courtesy goes a long way!
5. Players who have not posted in more than seven days may have their characters' actions posted or chosen by the GM to keep the plot moving.
6. Players who have not posted in more than fifteen days, without any notice to the GM, may be removed from the RP. Your character may fade into the background, be sent home, or become target practice for the enemies. Don't worry about perma-death due to inactivity though, as I will be very forgiving in this regard seeing how it's oriented for folks who may come and go. That is not to say you will get out of a fight without taking some nice hits for dramatic effect, though. 😊
7. Characters should follow the standard [Star Army Regulations](#) or expect IC punishment. If rules are not followed due to lack of knowledge OOCly - or players are OOCly ignoring or flouting rules their characters would ICly know to follow - OOC coaching, assistance or punishment may be required instead of IC consequences.
8. We will generally work along [these guidelines](#) and [Readiness Conditions](#).
