

Lost in the Void

Lost in the Void is a proposed Nepleslian plot to be run by [Dana](#). Its concept is “Reports of ships disappearing have begun to become more and more frequent however. So much so, that the command of 4th Fleet deigned the disappearances worth investigation. Three Jackdaw Class Heavy Corvettes were dispatched to seek out the cause of these disturbances and stop it, or call in heavier guns to help them do so. That was nearly four months ago. The NSN Glory, Independence, and Freedom have not been heard of since and now the NSN Eagle, an Atlas Class Destroyer, has been sent in their wake. Will you join the crew of the Eagle as it seeks to find its lost comrades, as well as the dozens of other missing vessels?”

It was [approved](#) by SirSkully as of 27March2023.
