

NSS Kestrel

The NSS Kestrel was a [NAM NAM-S1-01a Hray Class Stealth Gunship](#) currently in use by the [Star Army of Nepleslia](#) and captained by [Karl Vel Steyr](#).

Kestrel in Roleplay

The NSS Kestrel was an action/adventure plot that will deal heavily with the conflict between the two Nepleslian factions, the [Nepleslian Reds](#) and the [Greens](#). The progress of the Kestrel was mostly done through [single posts](#) (SP) with an occasional [joint post](#) (JP) whenever people are available. Due to the rough nature of most Nepleslian soldiers and Nepleslian society, it is expected to see plenty of coarse language, dirty and/or sexist jokes, graphic violence and occasionally an adult situation, so interested players be warned.

The NSS Kestrel was headed by [Fian](#), and Co-GM'd by [Moon Man](#) and [SUBLIMEinal](#). The plot has since been closed as of the summer of 2007 with the beginning of the [kennewes offensive pvp event](#) and the head GM taking indefinite hiatus from Star Army.

Name: Matt Cheyle [Nepleslian](#), Soldier 3rd Class Position: Power Armor Pilot/ G.I Appearance: Fair and brown haired, moderately handsome. Notes: A young new recruit on the familiarization course. A personal PC cybernetically installed on his forearm and inherent knowledge of the odds of things around him points to him being a bookie in the past. Personality: Friendly and easygoing. Irresponsible and fickle in combat.

Name: Zhen Wu Eri Variant [Human](#), Soldier 3rd Class Position: Power Armor Pilot/ Analysts Appearance: Shortish, bespectacled with black hair. Name: Vahan Timoti Half [ID-SOL](#), Soldier 3rd Class Position: Power Armor Pilot/ GI Appearance: Dark skinned, burly with close cropped black hair. Many other people mistake him for a typical sergeant (Except he isn't... Yet.) Personality: Demanding and overbearing. Strict and tactically inclined in combat.

Name: ? (The Leader) [Nepleslian](#), Soldier 3rd Class Position: Power Armor Pilot/ ? Appearance: Tall, fair with blonde hair. Very handsome.
