

Advanced-Type Mishhuvurthyar

The core citizens of the [Mishhuvurthyar](#), the “Advanced type” is an improvement over the old Classic-type bodies. They have gravity manipulation as well as advanced stealth camouflage abilities in addition to the [Mishhuvurthyar Tentacles](#). As according to the NMX philosophy, they are harder, stronger, faster and all around better than their old bodies.

Mishhu born from NMX eggs are all of the Advanced-Type. The Advanced-Type can cover itself in a hardened cocoon which will, after a period of time, birth itself into another NMX type. Converting to a Crab-type NMX requires a large supply of food and converting to a Parasite actually produces a litter of Parasite NMX bodies, usually four to twelve, depending on the mass of the original body and the size of Parasite-Types created. Mishhu born from a properly fertilized female will be of the same type as the Mishhu who fertilized the female.
