

Irim's City

Named after [Taisho Kessaku Irim](#), Irim's City (NK-S1-01) is an [Iori-Class Star Fortress](#). It is currently assigned to the [First Fleet](#) and provides starship repair and other services for the fleet.

Irim's City can usually be found in the [Yamatai Star System](#) but sometimes travels to support First Fleet's military operations.

History

Irim's City was built around [YE 25^{1\)}](#). Its sister stations in the First Fleet were [Chiharu no Iori](#) (NK-S1-02) and [Nakajima Star Fortress](#) (NK-S1-03).

On 12日 5月 [YE 39](#), Taisho [Ketsurui Yui](#) met Nepleslian leaders [Gaelan Sanders](#) and [Violetta De Luca](#) in the back of an [izakaya](#) in Irim's City to discuss Yamatai and Nepleslia's relationship and to encourage the [Democratic Imperium of Nepleslia](#) to end their military alliance with the [Lorath Matriarchy](#).

Also in YE 39, Yui met Koharu at a Cosplay Cafe on Irim's City²⁾.

In [YE 41](#), after [Nakajima Star Fortress](#) was destroyed over [Hanako's World](#) by the [Kuvexian Military](#) during the [Kuvexian Invasion of YE 41](#), the citizens of Irim's City built a monument to those lost on board their sister station.

Irim's City is mainly populated by members of the Star Army's First Fleet and those who support them including corporate workers from [Ketsurui Fleet Yards](#) and [Ketsurui Zaibatsu](#), and their respective families. This means there's a lot of young, working-age people on the station from species commonly associated with the [Yamatai Star Empire](#). There's also a lot of older [Nekovalkyrja](#) living in Irim's City who were synthesized in the mid 20s as [NH-17](#) models and tend to to be mostly [NH-29](#) and they tend to reflect that “old school neko” warrior culture.
