

UX-13 Training Center (Fort Ready II)

"Success in every way"

The [UX-13](#) Training Center *Fort Ready II* was built to train new soldiers of the [Star Army of Yamatai](#). It was named after the original [Fort Ready](#) on [Nataria](#). Fort Ready's primary use was to train new recruits and get them ready for life as a soldier for the Yamatai Star Empire.

UX-13 I Has one shuttleport from which point the FR campus and other SAoY facilities are accessible by roads. The area around Fort Ready is mostly forest, however a large section has been cleared for the main campus. The forest borders most of the roads leading to the campus and borders the walls of the campus. Additional training grounds can be found by following trails into the forest.

History

In [YE 41](#), the [UX-13 star system](#), including [Forge](#), and this base, was conquered by forces from the [Interstellar Kingdom Of Kuvexia](#) during the [Kuvexian Invasion of YE 41](#).

Fort Ready in Roleplay

In response to the need for a training plot, [Wes](#) created Fort Ready in summer 2007 (prior to the October 2007 forum move) to provide players a place to learn about the [Star Army of Yamatai](#) before being sent into one of the plot ships. So far, the plot has been through five cycles. Fort Ready is a good plot for new members to the Star Army website as it familiarizes users with, not only the RP style that Star Army follows, but also introduces new users into the elaborate and in-depth detail of the Star Army setting and equipment. Fort Ready is a play-by-post plot. Its forum is located [here](#). Fort Ready is currently on its sixth class.

The Fort Ready plot is currently closed.

Players are expected to post AT LEAST once a week.
