Overall Objectives

The 7th SF follows the [Star Army of Yamatai's Mission Statement](#) by:

- Seeking out and destroying the enemies of Yamatai beyond her own borders.

Strategy

The primary bulk 7th SF remains mobile as much as possible as that it is not anchored to any colonized systems. It specializes in deploying quickly and efficiently to a mission site, committing to mission objectives and then withdrawing to the fringes of known and unknown space to repair, restock and gather resources.

Fleet Planning focuses on the construction of smaller, faster vessels for the majority of ship classes in the fleet outside of the Command Group to maximize the fleet's capability to intercept and destroy targets of opportunity.

The Fleet is divided into three divisions, Nami no Seijou, Nami no Chikara, and White Hammer. Nami no Seijou and Nami no Chikara Divisions are centered around Hotaru Star Fortress and Himitsu Star Fortress. White Hammer Division is based around YSS Densetsu and two [Izanagi-Class Dreadnought](#), YSS Battle of the Binary Stars and YSS Battle of Essia. White Hammer Specializes in bringing heavy firepower to bear while Seijou and Chikara focus on deploying small groups of ships across a wide area.
