

# Sixth Fleet

The Sixth Standard Fleet of the [Star Army of Yamatai](#) consisted of 751 starships and was commanded by [Taisho Eikan Minato](#).

The Sixth's motto is *"Strength in Service."* Its emblem features the outline of the original version of the [Eikan-class Cruiser](#).

## History

The Sixth Fleet was originally formed in [YE 23](#) (OOC: 8/27/2003<sup>1)</sup>).

The Sixth Fleet has a rich history, having served in the [Battle of Nepleslia](#), conquest of [Albini](#), the occupation of [Planet Nepleslia](#), and the Battle of Tau Ceti. It was previously commanded by [Taisho Ketsurui Sharie](#) until she and the fleet were destroyed by the [Sfrarabla Mishhuvurthyar Xhrafuklurp \(SMX\)](#). It was rebuilt in late [YE 30](#). Sixth Fleet was, at that time, designed to fight enemy fleets through the use of large numbers of heavy single-target weapons, including ship weapons and anti-ship torpedoes launched by torpedo bombers served by Irim gunships.

In [YE 41](#), the Sixth Fleet was destroyed in the [Battle of Hanako's Star](#).
