

Star Army Infantry, Type 33

These [Star Army Infantry Nekovalkyrja](#) soldiers primarily come from [Mass Cloning Centers](#) on [Yamatai](#). The loadout uses the familiar Daisy armor rather than the more customizable [Ke-M10 Modular Combat Armor System](#) in order to cut down on logistics; it includes a survival kit and 5 days of food rations (and weeks of emergency ration pills) and water filters so that soldiers separated from the logistics train can operate without worry.
