

Chujo

In the [Star Army of Yamatai](#), *Chujo* (中将) is the rank of vice admiral. Chujo are often in charge of large portions of a space fleet, or in charge of major facilities such as capital planetary installations and star fortresses or organizations like [Star Army Personnel Command](#). If a Chujo is placed in charge of a fleet, the Chujo will be elevated to the rank of [Taisho](#). The rank below Chujo is [Shôshô](#). For a full listing of ranks, see [Star Army Ranks](#).

Requirements

Promotions to Chujo must be authorized by the Empress of Yamatai. This was explicitly stated by [Ketsurui Yui](#) in [YE 38](#).

Soldiers must have at least 12 years in service to become a Chujo.

Retirement

Officers leaving Chujo positions for reasons other than promotions, transfers, or reassignment to available positions must immediately retire from military service; in other words, admiralty ranks are tied to assignments and the Star Army does not keep admirals without assignments.
