

SAINT Medical Waiver

Candidates that have completed [SAINT Operative Indoctrination](#) are required to sign a medical waiver prior to deploying as [operatives](#). The waiver allows [SAINT](#) to adjust operational patterns rapidly and in a centralized manner instead of individually consulting each operative first. Additionally, the waiver serves as permission for implanting the [Standard Conditioning Package](#) during a medical procedure prior to deployment.

Legal Text

I, (name), hereby waive certain medical rights, chief among them my control over modifications to my body, modifications to my ST back-up, modifications to my behavior and reactions, and control of body transfers, for the duration of my service as a SAINT Operative. I understand that SAINT will have power of attorney and lawful control of all medical procedures related to those listed above, in addition to those requisite to the needs of the service, and that SAINT will maintain a consistent and monitored policy for exercising such control. I understand that my continued service as an Operative constitutes implicit continuing approval of this waiver, but that I am allowed to resign from my position at any time should I no longer desire to consent.

Signed, (name) (date)

Witnessing Officer, (name), (rank)
