This page contains information about the [YSS Aeon](#).

## Ship's Emblem

The Aeon

### YE 33

In YE 33, Ise Katae had a new logo created to reflect the redesign the gunship had in YE 31. The new logo features the image of the Aeon in front of a nebula.

### YE 30

The original logo consisted of an image of the *Aeon*'s original configuration in a stylized starfield depicting her Exploration mission.

## Ship's Name

The ship unlike the majority of the *Plumeria* series is not named after a plant.

The word aeon, also spelled eon or æon, means “age”, “forever” or “for eternity”. It is a Latin transliteration from the koine Greek word (*aion*), from the archaic (*aiwon*). [Aeon](#)
