

Kisaki - Training - Habitat Module

This module is intended to provide training facilities for [SSS](#) personnel stationed on or visiting the [Kisaki Starbase](#). The instructors would reside in one of the other modules.

One example of this would be having a version of the [\(SSS\) Primary Campus](#) in a module.

See the [Kisaki - Habitat Module](#) for description of common features.

Cargo bay

The main storage for this module the [standard cargo area](#) is located on decks twenty-four and twenty-five.

Dining Hall and Galley

This facility is located on deck ten, in the middle of the dormitories.

Dining Hall

This is large [dining hall](#) designed to provide meals for students.

Galley

The [galley](#) is large enough to provide meals for students.

Fitness Area

Located on decks seventeen and eighteen of the module is the fitness area. This large area is designed to help keep the SSS personnel physically fit. The fitness area contains an assortment of exercise machines: weights, treadmills, etc. Part of the space is configurable, for various activities; such as group calisthenics, practicing katas, martial art matches, other competitive sports.

Instruction Facility

This section is located on decks nineteen through twenty three. They are typically divided into three sections.

Classrooms

This section is dedicated to structured learning facilities. Which consist of college style classrooms layout with appropriate amenities.

Lecture rooms

This section contains a variety of Auditoriums, and conference rooms for use in lectures and seminars.

Practicals

Depending on the modules purpose, these can be student labs to get practical experience with their area of study, or training areas used by the Expedition members.

Living Quarters

Dual student dormitory

These dormitories are designed to accommodate two occupants they are cozy with the essentials for living.

The cabin is arranged as follows: four compartments make up the room; there is the main room, two bedrooms and a shared [bathroom](#).

The main room has the entrance door and a volumetric realtime display) in to the far right. A desk is set in front of the window and comes with a padded rolling chair with armrests. The desk has a control panel linked to the station's computer. Overhead lightning is provided for all of the room, as well as a desk

lamp. A padded sofa, two chairs and a coffee table are also supplied.

The bedrooms contain a soft and comfortable bed (wide enough to sleep two if desired). The bed comes with sheets, blankets, and pillows. They have a storage locker for the residents to store their personal belongings. Each bedroom has a doorway to the shared [bathroom](#).

There are eight hundred dual apartments. They are located on decks six through nine and eleven through fourteen.

Escape Pods

In [YE 36](#) on stations the [Star Army Escape Pod, Type 30](#) were replaced with [Ge-X3300 - Type 33 Escape Pod](#) which are provided on each level of the dormitories

Lounge

Located on deck ten this [lounge](#) is intended for the use of the personnel living in the single and dual apartments. For other recreation the residents go to the Kibarashi.

Medical Center

This module features are medical center featuring both trained staff facilities and [Autonomous Medical Treatment Center](#) units for the students. It is located on decks seventeen and eighteen. The Medical center also has four [Soul Savior Pods](#) to provide back for all residents.

Security Office

With the population of a small town, it is necessary to have a security force to look after the residents. On this module the security force is composed of people from three different organizations. Security is broken down as follows:

- SSS Security personnel provide overall security for the module.
- The SSS uses [Yamatai National Police](#) personnel to maintain law and order in the Kibarashi.
- [Yamatai Security Agency](#) personnel are responsible for handling customs control.

This facility provides the following:

- office space for each enforcement agency
- separate equipment & weapons lockers for each agency
- two interrogation rooms
- several holding cells

- evidence room
