She is also quite fearless in her duties and will not hesitate to make her thoughts known if she does not agree with something.

Shaif Hirboush

Psychological Characteristics

Personality:	Shaif is an anomaly. He has patterned his mannerisms from a character in an ancient film who was called Montgomery Scott. He may look stern but is usually the first to crack a joke and a lot of the time the one to make a party turn from order to chaos. He has known the 'Captain', as he likes to call Takahashi-Taii, for more than five years. The only reason he hasn't risen further than Warrant rank is due to his fondness for strong but expensive alcohol and his ability to turn almost any function (whether invited or not) into anarchy. Due to being so skilled at his job, he hasn't been dismissed from the Star Army but told in no uncertain terms he will never rise higher.
Likes:	Parties, jokes, certain brands of alcohol (expensive tastes), his job and the 'Captain'
Dislikes:	Elitism, snobbyness and 'By the Book' people
Goals:	To stay alive, serve the Captain and gatecrash any parties he can.
