

YSS Wyvern

The *YSS Wyvern*, [NG-X1-517](#) belonging to the [First Expeditionary Fleet](#), is a [Fuji-class Expeditionary Gunship](#) built at the [Gemini Star Fortress](#) in late-[YE 39](#) by [Ketsurui Fleet Yards](#) for the [Star Army of Yamatai](#). She is [commanded](#) by [Shosa Aerlia Lei'Shela](#).

The *YSS Wyvern* is known to be an 'interceptor' ship used by the [Star Army Military Police](#) and is quite practiced in this role.

This article is about the ship. For plot information, see [YSS Wyvern \(Plot\)](#).

About the YSS Wyvern

The *YSS Wyvern*'s official mission is to teach the [Elysian Celestial Empire](#) how to police itself, using [Yamataian](#) knowledge and experience to assist in the training of their own lawbringers. Unofficially, they are tasked with patrolling the Elysia/Yamatai border for any discrepancies from the arranged peace between the two nations.

In addition, they perform the duties [SAMPs](#) are expected, tracking terrorists, corruption, mutineers and other such national security issues to the Star Army. To this end, they are often called out to incidents far from their patrol area and have become reasonably adept at handling such encounters and intercepts.
