

YSS Yui

YSS Yui, the first [Yui-class Scout](#) was the first [plot ship](#) to be run in the Star Army Role-Play. It was commanded by [Ketsurui Yui](#), and later by Ketsurui Chiharu.

History

The YSS Yui entered service in [YE 22](#) as the GSS Yui. It was the first ship of its class.

In [YE 29](#), during a routine inspection of the [SRSS Yggdrasill](#)'s cargo after passing through SMX controlled space, an odd phenomenon was discovered in the shuttle bay of the Yui. It is uncertain what exactly it was but there have been no further reports of anything similar occurring.
