

# 46th Legion Command Group

This is the fleet composition of the 46th Legion Command Group. As different ships rotate to normal [Fifth Fleet](#) duties, the ship names and [Imperial Registry Number \(IRN\)](#) designations might change, but the force structure will remain the same. These standing taskforces were created as part of [Fifth Fleet Force Structure YE 45](#).

## History

The first activated Legion Command Group, the 46th LCG is comprised of brigades from the [1st Expeditionary Area Army](#)'s 46th Rikugun Army and ships from Fifth Fleet. Currently, while the ground component has managed to train and muster, they are still waiting on hulls to be completed.
