

# The Akuro III

The Akuro III is a renegade ship under the command of [Motoyoshi Kiyoko](#).

## About The Akuro III

The Akuro III was the only [Ascendancy-class Flagship](#) to be built. Its construction began in late [YE 29](#) and it was completed in [YE 30](#). It was a co-operative effort between [Motoyoshi Fleet Yards](#) and [Ketsurui Fleet Yards](#). It was originally intended to be the flagship of the [Fifth Expeditionary Fleet](#) of the [Star Army of Yamatai](#), but when the [United Outer Colonies](#) were formed the ship was controversially permitted by treaty to stay with the [United Outer Colonies Peacekeeping Forces](#).

In [YE 33](#), when the failed nation-state of the [United Outer Colonies](#) fell in the [Second Mishhuvurthyar War](#) the ship went missing, along with [Motoyoshi Kiyoko](#) and members of the Tange Clan. Due to the fall of the [United Outer Colonies](#), the [Star Army of Yamatai](#) reassumed its claim on the ship, however, they were unable to locate it and confirmed that it had been taken by [Motoyoshi Kiyoko](#).

During the years that had followed the fall of the Colonies, the Akuro III was spotted several times and was linked to pirate activities and collaboration with the [NMX](#). In [YE 39](#), the Akuro III was once again linked to suspicious activity, it was determined that [Motoyoshi Kiyoko](#) had become linked with another of the [Star Army of Yamatai](#)'s enemies, the [Interstellar Kingdom Of Kuvexia](#). In [YE 42](#), it was then confirmed that [Motoyoshi Kiyoko](#) had sold the ship to [Baron Gello Kordoan](#) under the conditions that she remained it's Captain and one of his business partners.

[Ketsurui-Motoyoshi Katsuko](#) and members of the [Motoyoshi Clan](#) have made bringing [Motoyoshi Kiyoko](#) and her followers to justice a priority and seek to reclaim the Akuro III for the [Star Army of Yamatai](#). In [YE 42](#), it was also confirmed that the [Interstellar Kingdom Of Kuvexia](#) had given the vessel a major refit and upgraded its technologies with their own.
