

System R-4 "Gold Coast"

Located in the [Nepleslian Colonial Expanse](#), the Gold Coast system was first claimed by Nepleslia in [YE 35](#). While it is uninhabited, the system is also an extremely important strategic position for Nepleslia as it is the closest star system to the [Freespacer](#) system of [Null and Void](#). This allows Nepleslia to station combat units to patrol the area around Null & Void for pirates, smugglers and anyone looking to harm the Freespacers. .

It was named after the Grand Admiral [Charlie Coast](#).

System description

Sun Type	Red Dwarf
Celestial Bodies	2 Gas Giants, 1 Asteroid Belt
Current Occupants	NSN
