Star Army Personnel Database

The Star Army Personnel Database is a YSE faction-specific Struct schema used by Star Army Personnel Command for tracking the hundreds of Star Army of Yamatai characters with wiki character biography pages.

Uses of the Star Army Personnel Database include:

- Tracking character assignments, awards, Occupations in the Star Army of Yamatai, ranks, preferences, etc.
- Helping determine when characters should be promoted (based on time in service, last promotion, etc).

Namespaces

The SAPD is applied to the following namespaces:

- characters:**
- characters:yamatai:*
- individual character pages as necessary

Schema

The name of the schema is *stararmy_personnel*.

Columns

Available columns are:

- saoy_status
- saoy_rank (Dropdown lookup field that connects to the stararmy_ranks schema)
- saoy_occupation (Dropdown lookup field that connects to the stararmy_occupations schema)
- saoy_qualifications (Dropdown lookup field that connects to the Star Army Qualifications Schema)
- saoy_assignment (wiki page of current assignment such as starship or base)
- saoy_fleet (Dropdown lookup to the Star Army Fleets Schema)
- saoy_battle_buddy (page)
- saoy_battlestation
- saoy_callsign
- saoy_entry_year (Year the character joined the Star Army; lookup to years schema)
- saoy_entry_month (1-9)
- saoy_exit_year (Year character was discharged or is schedule to be discharged; lookup to years schema)
- saoy_dor_year (Date of rank - year of last promotion; lookup to years schema)
- saoy_dor_month (1-9)
- saoy_discharge_type
- saoy_reenlist_pref
- saoy_respawn_pref
- saoy_awards

Star Army Crew Roster

Here's a sample crew roster as seen on the page YSS Eucharis Crew & Personnel. It calls from two schemas and uses columns from each one.

```
---- struct table ----
schema: stararmy_personnel, characters
cols: character_image, saoy_rank, %title%, saoy_occupation, owner, status
filter: saoy_status = Active Duty
filter: saoy_assignment = stararmy:starships:yss_eucharis
order: %title%
csv: 0
----
```

Crew Cabin Assignments

```
---- struct table ----
schema: stararmy_personnel, characters
cols: saoy_rank, %title%, saoy_occupation, owner, saoy_quarters,
character_gender
filter: saoy_status = Active Duty
filter: saoy_assignment = stararmy:starships:yss_resurgence
```

```
order: saoy_quarters, %title%
rownumbers: 1
csv: 0
----
```

Automatic Info Box

If you use this code at the bottom of your [Star Army](#) character's infobox you will never have to update these boxes manually:

```
^  Occupation:  |  {{$stararmy_personnel.saoy_occupation}}  |
^  Rank:  |  {{$stararmy_personnel.saoy_rank}}  |
^  Current Placement:  |  {{$stararmy_personnel.saoy_assignment}}  |
```

Notes

[Wes](#) made this page and the schema it is about.
