

Véro 728

Véro 728 is an [NPC](#) controlled by [Hyralt](#) who appears in the development of [The Kamouraska System](#).

Véro 728

Species & Gender	Synthetic (human clone) Female
Organization:	New Dusk Conclave
Occupation:	Executive Officer
Rank:	Commander
Current Placement:	Bastienne, Kamouraska II , kamouraska

Character Description

Véro is relatively tall, at 5'11". She is very curvy but surprisingly strong. She has very light skin and grey-green eyes and orange/red hair. Her voice is surprisingly rough for a woman, but not too deep. She smells faintly of cayenne.

History & Relationships

Véro was a natural pilot, easily outperforming the other members of her cohort especially when stressful situations would send most of her rivals into a tailspin. She is extremely cool-headed and remains calm during even the worst emergencies. Though she is from a much younger cohort, she was quickly taken under the wing of [joizic_488](#) who guided her career until Véro became her executive officer after the [Battle Of Glimmergold](#). Véro is extremely loyal to [Joizic](#) and sees anyone else as a competitor for her approval, including [Rioc 488](#), for whom she has a particular distaste due to his high aptitude and low performance.
