

Akemi's Fashion Line

[Akemi's](#) clothing is based around the need for combatant-level gear on an every day basis. It takes the phrase, '*Fuction before fashion*,' and nullifies it by making it what is aesthetically pleasing and ass kicking all at the same time. It is a subsidiary of [Akemi's Umbrella](#).

More about Akemi's Radical Clothing Line

Akemi's clothing line is sold at stores on his space ports exclusively.

Pricing

Every piece of clothing is the same price of 5,000 KS or 10,000 DA.

Details

The typical clothing item has the following:

- [Stone Thread](#)
- Socket(s) for BR-28 and other compatible power cells that are included in purchase
- [IRI-Type Hard light Apparatus](#) using [Hard Light \(Technology\)](#)
- Camouflage by use of [Volumetric Display](#)
- Matte black everything

Appearance

The appearance of each clothing piece is highly flexible to the specific store. Some are more intricately

details with subtle colors while others are pure black, only. Some include subtle asymmetrical patterns but for the most part are equal on either side of the garment.

In RP

The clothing line has a few quotes from roleplay.

Quote from **To: Trinary Star Shipping** From: **Koga Akemi**

PS: One of my ideas is for a reinforced fashionable line of combat clothing. I am thinking **Godfrey & Morrison Clothing Company** made a good **jacket** and **Emyrs** makes a **full suit** with some of the components I am thinking of having, but none of them scream, "DO ME!" Plus if we can get some kimono with this stuff made, imagine how quickly Kotors will be a public face of the fashion line. I served on the Eucharis for a long time but boy would it have been nice to work with a princess that knows when to take off the uniform. PPS: Do you think **Neko Sparkle** would want me to endorse their product? Speaking of celebrities.

Quote from **[YSS Kaiyō] Post-Mission Nine: Ex Machina**

He took off the patient gown and pulled on the new clothes. Surprisingly, they fit rather well. He then looked back in the closet and found something else. He found a black jacket, with large collar and hood to it. The arms and torso had what seemed to be metal bracers, and it was heavier than the other clothes he had put on already. He donned the jacket and snapped the collar closed before pulling up the hood. "Nice." He said as he looked at himself in the mirror.
