WIP: This article is a work in progress and is not yet approved for usage in the RP.

Administering the colony of [Oase](#), the Oase Planetary Government can best be described as a Federation of City-States more than anything. According to the Colony Charter, each City is considered equal in political authority no matter the size. Typically, a city is run by a Prime Minister, who runs the City Legislature.

Planetary Union

Each City-State selects a representative from its Legislature to represent them in a Yearly (Abwehran Time) meeting called the Planetary Union. This meeting is essential to the planet's solidarity as well as electing a representative to the [Schongebiet System Government](#).

City Legislature

Each City has a Legislature of 20 Ministers, one of which is chosen from their numbers to be the Prime Minister. A Minister is popularly elected from the city they reside and runs for a single term of two Abwehran years (8 standard years). The Prime Minister is chosen from this group by the other Ministers and then must receive a 70% approval rating on a city-wide poll. A Prime Minister must be chosen every year.

City Judiciary

Responsible for making sure the laws of each city coincide with the [Imperial Constitution of the Abwehran Star Empire](#), the City Judiciary is comprised of a Triumvirate of High Judges. Each Judge is appointed by the City Legislature and stays in office for four Abwehran years (16 standard years).
