Background

Background

Syaboa's was born in Yomesou with her twin sister she was the slightly older one of the two, they where born there because it was where their parents were born and their parents thought that is was the best location for their child, the parents didn't know about Syaboa's little sister until they got into the delivery room and the doctors told them. Syaboa's parents treated her sister with little care at all praising Syaboa's achievements and ignoring her sisters, the only one who cared for the younger twin was Syaboa herself making sure that their parents acknowledged her at least once a day, their parents worked in Yomesou as shop owners.

Syaboa went to a public school with her sister, they both made friends there and were happier at the school then home because of their parents, her sister excelled in the intellectual aspects as Syaboa excelled in fighting, She got her eye scar fighting with a guy trying to attack her sister and was proud of it because it was for defending family. In the internship she went with the warriors on a ship that later on the internship was attacked by raiders and Syaboa was knocked out only waking up on a rescue vessel with some bad wounds not knowing where they come from and was terrified because of it, all ideas in her mind about it were dark and disturbing so she hated it. Syaboa's sister could see this and tried to make it better for her, it soon changed back and they were happy again but the thoughts always lingered and came back when someone asked about the scar on her abdomen.

Syaboa's Baqnor was good because she had her sister's help before throughout her schooling age, she did the same for her sister who had a good Baqnor as well. After their separated Baqnor they decided to have a bit of time just relaxing together and having fun, after this small time relaxing Syaboa's sister gave Syaboa a necklace of them as five year olds in a heart shape locket that Syaboa wears all the time.
