Physical Characteristics

- Height: 6' 0"
- Mass: 170lbs.
- Measurements: NA

Build and Skin Color: Has an average build for his height. Isn't muscular, but isn't without either. He's toned and skinny and has tight muscles under his shirt. He mainly focuses on cardio, which keeps him slimmer than he already is. He walks around at about 170 lbs. with 13% body fat.

He is white, and pale in skin color. Has no imperfections and is often thought of as younger than he actually is, since he doesn't appear to age.

Eyes and Facial Features: Brown, soft eyes and a strong chin. His eyes might be his best asset of his features, as he has been told that many times. They look youthful and innocent help to proportion the rest of his face. Has thin eyebrows and fair skin, and a smaller mouth that rests under his medium sized nose. Can usually be seen clean shaven, but often goes with a beard that covers his entire chin from from sideburn to sideburn.

Ears: Human.

Hair Color and Style: Black hair. It is usually short and left uncombed. Has small frontal hairs that

hover over his forehead in his normal look. Can grow it about to his neck, though prefers not to. If in a formal setting, such as a suit and tie which he actually wears on a normal basis, he combs his hair to one side and leaves it out of his face. Has a very business man look appeal to him.

Distinguishing Features: Has no scars or markings on him. His main feature, as stated earlier, would be his piercing eyes that give his hardened self a bit of innocence.

Psychological Characteristics

Personality: Dallen is very much a loner. He is arrogant and grim, while also sarcastic and cold. He's not very nice unless you're a friend. He is also brave and prideful, which speak through his actions.

History

Family (or Creators)

Noel Larson-father. Claims his mother was a whore who died in a gun shootout, sometime before he was able to walk. Noel was a professional thief, who taught Dallen many things. He died in a cell at the age of 60, from pneumonia.

Pre-RP

Dallen grew up in the slums. He learned how to steal and hunt from his father, who later died in prison. This left Dallen on his own while still just a teen. He moved from place to place, stuck around certain people until he got what he needed. He bid his time working on old school vehicles, saving up for the one day he would have his own spaceship.

Eventually that day came, and though he bought a piece of junk, it was doable. He fixed it up the best he could, and set out to the skies. He stayed low key and had a few contacts for many years, eventually getting known for his good works.

He shipped things from system to system, even sometimes people. One mission in particular led to a very high ranked contact, one that brought him into the world of the underground circuit. He soon became a bounty hunter, which led to other opportunities. He is well known in the underground for his job completions, as well as his high level flying and stealth.

Skills

Flying

Taught himself how to fly in a classic Reaper spaceship, a small cargo ship that is fast and durable. He has won many races in his younger years.

Fighting

Dallen has learned what he can, whenever he can throughout the many places he's been. He is semi versed in the martial arts, though prefers his weaponry.

Weapons

Gambling

His favorite pass time.

Drinking.

Can drink to no end and still be able to fly to Pluto.

Technology

Isn't a computer wiz, but knows enough to use the programs necessary for his work.

Stealth

Can be in and out before any notice. Prefers this way of work, though some jobs call for more drastic measures.
