Physical Description

The usual four arms, buff as hell, and with horns that could kill if used right only begin to explain Horus. He's 8 feet tall, and has a very masculine and buff body. His skin is of a slightly crimson red, a color he takes pride in. In battle it gives him the look of almost being untouched from injury. Those who get close enough to realize the truth, don't usually live to tell the tale. His eyes are of a deep silver color, his hair a raven black.

Personality

Brutal, concise, cunning, and fair in his actions. Horus is the type to display silent anger, keeping his expression of emotions in check, even if he rages inside. Even so, he's known for keeping a level head when needed, but using that rage and other emotions, as appropriate fuel for appropriate occasions. He has a deep seated loyalty to those lucky enough to be considered a comrade, but he does not open up further then that very easily.

History

Born in [YE 02](#), Horus was raised in an aristocratic family, living a normal Tsumi childhood religious devotion. His father trained him from a young age in the art of bladed weapons. In [YE 16](#), Horus joined the army at 14, and trained for the next two year until [YE 18](#). Joining in the carnage he quickly proved himself in the war, and was quick to join the fray when the rebellion began.

Skills Learned

Fighting

All though Horus much prefers ranged combat, he is quite lethal in hand to hand, and in melee combat. He has been described as a unstoppable savage when the blood rage takes him.

Firearms

Horus has taken the time an effort to familiarize himself with every gun at the war fleet's disposal. Having become quite proficient at ranged combat.

Maintenance/Repair

Likewise, he has also taken the time to learn how to strip, fix, and possibly modify anything he has laid his four hands upon. Horus has proven to be a rather expedient mechanic and master at arms with use of all four hands simultaneously.
