Occupation:	Mecha Pilot
Rank:	Recruit
Current Placement:	Strays

Physical Description

She looks mostly human with her only visible mutations being a pair of bunny ears and a bunny tail.

Standing at 5' (without accounting for her bunny ears) with a slender, pear-shaped build. Her skin tone is light. She has long brownish-orange hair with her bunny features' fur following the same color and blueish-green eyes. She usually wears a white sweater with a black leather jacket on top, a black short skirt, and black stockings. Her bust is slightly noticeable even through her sweater.

Personality

An early-stage Mutant, she doesn't like to talk due to her past. When she does talk though, it's usually very short and concise with either just a single word or a phrase. Behind all the quietness, she is a very caring person who will do her best to look out for anyone she considers her friend.

Her bunny ears are very expressive. They move around according to their current emotion or mood, mostly subconsciously.

She is sometimes a bit of a loot goblin when it comes to salvage.

History

Joanna O'Brian was born 22日 4月 23 in [Planet Nepleslia](#). As a child, she was quickly banished from her family when her mutations started appearing due to the bad reputation that she would bring and was left to fend for herself alone for a while. Running around the streets and stealing bread just to keep herself

fed, a bunch of people from some random orphanage would end up finding her and taking her in. There, she would spend the rest of her childhood and her early adolescence where she would be well fed and taken care of.

She would leave the orphanage in her late teenage years for personal reasons. During this time, the constant mistreatment made her develop a habit of not talking as a way to avoid trouble.

She would move from one job to another, barely making a living, until she came across a poster about the Strays.
