Physical Characteristics

Height: 5'4 Mass: 110 lbs (~43 kg) Measurements: Bra Size: D

Build and Skin Color: Rather thin, obviously not much of a fighter. Though thin, there still is some tone muscles under semi-pale skin.

Facial Features and Eye Color: Again, somewhat thin face. Her features seem semi-childish, not quite sharp mature features, but also not quite like a young child. She has bright green eyes.

Hair Color and Style: Her hair is a dark black hair at the roots that fades into a foresty green tips, that's pushed off to the left side of her face, covering it. In the back, its either in a long ponytail, or kept down where it reaches just above waist level.

Distinguishing Features: She's a mute

Psychological Characteristics

Personality: Literally quiet. She tends to stay out of people's way, trying not to bother others. But, if she does interact with someone she is kind and gentle especially once she gets to know them. Once she does trust someone, she is very clingy. When assigned to do work, she does so to the best of her abilities, without complaining. Afterall, since she can't talk, working is really the only other way for her to convey her ability. Among a large group of people she doesn't know very well, without at least one person she does know well, she is more protective of herself.

Likes: Quiet, making others happy **Dislikes:** Loud noises, discrimination **Goals:** To find her place in the world/galaxy

History

Pre-RP

Shizuka was born in YE 11 into a fairly well off family that had recently moved from the Yamataian Star Empire, into Nepleslian Territory. As such, they still gave her a Yamataian name, but also a Nepleslian middle name, to help her fit in into the new-to-them society. Not long after she was born, Shizuka's family realized that she didn't have a voice, a disgrace to the family, but they put up with her. Shizuka grew up in a fairly normal life, except she really didn't leave the house much for obvious reasons. They tutored her a bit for her education, since they didn't want many outside the family to know they had a child with a 'defect.' They also gave her chores, played with her, etc. Again, a normal life. But, in YE 27, the family hit a rough spot economically. They tried many things to help them through it, but nothing worked. Then, inspiration! They had a female that they were willing to get rid of, for family honor. And, as such, they sold her into slavery, despite obvious protests by Shizuka. It was two birds with one stone, so to speak: Removal of a disgrace, along with quite a bit of extra money for the family. From there, Shizuka received some training for her new occupation, before she was bounced around the galaxy, from 'master,' to master. Her chest was augmented by one such master to their current larger size.
