

Sprufnikkamazzar

A veteran [Mishhuvurthyar](#) warrior born in [YE 24](#), Sprufnikkamazzar participated in the first YSE/SMX war where he served as an intelligence analyst and operations monitor for several SMX fleets. When the Sprufnikkamazzar's group of Mishhu withdrew in [YE 29](#) due to heavy losses and logistical issues, Sprufnikkamazzar was promoted to a top-level advisor position where his talent was able to shine. Linking up with Mishhuvurthyar creator Dr. Shinichiro Nobumoto, MD, Sprufnikkamazzar was able to come up with a new Mishhuvurthyar force...the NMX.

Sprufnikkamazzar was a cold, calculating, and ruthless strategist who cares about long-term victory more than the lives of individuals. As de-facto leader of the [YE 31](#) invasion, his methods were simple and effective - to hit the strongest nation in its strongest parts with such force that the rest of the known universe will lose its foundations and begin to collapse. To further this goal, Sprufnikkamazzar made use of extensive intelligence networks, infiltrating agents and zombies, and overwhelming numerical superiority achieved by mass production and reuse of captured materials.

Sprufnikkamazzar was a member of the Mishhuvurthyar *assimilation* sub-faction.

He was killed by Taii [Nyton Claymere](#) and Nitô Heisho [Tom Freeman](#) of the [YSS Mihar](#) at the [Battle of Yamatai](#) in YE 33.
