Abeck in Roleplay

First met in Episode 2: Little Problems, Guard Captain Abeck Winston is the devilishly charming and handsome captain of the CSS Elite, a group of special security that answer only to Cassefin herself. While the rest of the CSS Elite are generally unfriendly and secretive, Abeck is friendly and outgoing, especially to security members below him. Very helpful, always eager to please, and (according to rumors) an amazing security members with no flaws at all.

It has become increasingly apparent that Head Administrator Cassefin Montreal is infatuated with the security captain, although it is unknown if Abeck is either ignorant of her advances or intentionally unresponsive. Abeck also seems to have a past involving Administrator Dick Vanderhuge, although this is also currently unexplained.
