Date of Birth:	9日 3月 YE 13
Organization:	Neplesian Space Marine Corps
Occupation:	Infantry
Rank:	Private First Class
Current Placement:	NSMC 309th Armored Infantry "Ruthless Riders"

Physical Description

Baki towers at 6'4", and is thick with muscle and just enough fat to round it out. Her skin is a dark ebony, and she has defined, angular eyes with green irises. Her lips are thick and plump, and her nose is short and a little wide. Her straight, jet black hair reaches just about halfway down her neck. She has rather large curves at her very ample chest and hips, despite her muscles. Unusually for a Neplesian, she has no cybernetics on her body. Her voice is deep, loud, and resonant, fitting for her impressive stature.

Personality

Baki is as outgoing as it gets. Her personality is as large as she is, and she can be boisterously friendly and abrasively combative in equal measure. However, she's not one to hold a grudge, and is the sort to buy an opponent a drink after a bar fight. Her goals in life are almost entirely hedonistic. She just wants to have fun, and for her that means fighting, food, and flirting. Indeed, she's very open with her attractions, to men, women, and others of all body types and personalities. She's usually in more than one casual relationship at any given time.

She is close to her family, always keeping in touch with her parents and younger brother. In friends and lovers, she tends to favor people who can fulfill one or more of her id-driven interests. That's not to say she doesn't enjoy good conversation with decent people. One of her closest friends is Ensign Jesse Biesecker of the Nepleslian Star Navy, who she enjoys speaking with on a variety of topics, even if they tend to disagree on most things.

If there's anyone she can't stand, however, it's those who abuse innocents in any way. Having grown up on crime-infested Nepleslia, she harbors a strong hatred for thugs, drug pushers, and pimps. These sorts are likely to end up beaten to death with her bare hands, if she can get away with it.

History

Baki was born somewhere in the continent of Hanya on Nepleslia, to unknown parents. She was left anonymously at the Convent of the Merciful Creator, and adopted by an ID-SOL man, Georg Hansen, and his wife, Amal, who wanted a daughter but could obviously not conceive one with Georg's super-Y chromosome. The couple raised Baki in Funky City, where she grew up fairly comfortably.

And she grew UP indeed. The girl naturally blossomed into a strong, large young woman. She claims she has strong ancestry of the extinct race of giantesses that used to roam Hanya, but there's no way of knowing for sure. She could just as easily have been born mutated or with some kind of alien blood. But whatever the case, she became known for her imposing figure.

Right out of public schooling, Baki signed up with the local police force guided by the strong sense of justice passed down by her father. In her few years there, she was investigate multiple times for unnecessary force against certain extra-violent criminals, but nothing was ever proven. Eventually, she became bored with the cop life and hungered for a proper adventure. Finally working up the will to leave her family behind, she enlisted into the Nepleslian Marine Corps, taking to boot camp and beyond like a fish to water.

Skills Learned

Communications: Baki is familiar with all the radio operations, lingo, and hand signs required of a marine. She has no particular interest in the field beyond it being a necessary part of her job.

Fighting: Baki lives to fight. She is immensely interested and skilled at all kinds of combat, including

marksmanship and especially CQB. She is likewise familiar with power armor, though she wishes she could do without it despite understanding the necessity of using it.

Survival: Baki seems to enjoy the wilderness more than the urban sprawl she grew up in. She is quite proficient at self-sufficiency in an outdoors setting using the training she received in basic, and she enjoys honing those skills when time permits. That is, she likes camping.

Entertainment: Baki also lives to fraternize. She's always up for a good time of drinking, cards, bawdy songs, dancing, and whatever other fun she can have with others. She's not shy about finding ways to entertain herself and others, and the more the merrier.

Rogue: Though not a ruffian herself, Baki's time as a cop did instill her with street smarts and an understanding of the criminal underground. She can't, and wouldn't, pick pockets or locks. (She's much more likely to break down a locked door.) But she does know a thing or two about the goings-on of those who do, and knows how to sweet talk someone out of their pants.

Vehicles: Baki volunteered to be cross-trained in vehicle operations, figuring a tank or mech can hold a bigger gun than even she can, which could be fun. And marines can't just walk everywhere. Someone's got to be the designated driver, and she's glad to do it.

Maintenance and Repair: As part of her vehicle training, she was also taught how to properly maintain and fix such equipment should the need arise.
