Physical Description

Barry Brown is a very noticeable figure, standing at a towering seven foot five and weighing around one eighty kilos, and one of the newer creations from the [ID-SOL](#) program. Sporting a very wide shouldered and athletic build, Barry was created only to fight; and it is shown in his physique. Lacking some of the scars you'd expect on an ID-SOL operative, considering his younger age compared to some of the more experienced soldiers of his 'species', Barry is quite young for ID-SOL; recently being created.

Auburn Ginger hair neatly wrapped into a pony-tail pairs nicely with his fair, and almost pale, complexion; with freckles dotted across his constantly sun-burned body. He's also very recognisable for his heterochromia, though this is not because of a natural condition; but rather mismatched cybernetic eyes. One eye is pea-green, and one eye is a dim blue. These eyes give him much further seeing distance, and Infared Vision.

Personality

Barry is often described as a gentle-giant, and yet is also contrastingly described as someone with an explosive temperate. While both are true in a sense, it happens to go a lot deeper than that. Barry was bred for war, and that shows through his extremely masculine personality. He also struggles with an explosive temper, as stated before, and thus struggles with most emotions; not just anger.

Barry will, however, stand up for those he considers weaker than him or those he considers family, which is a very loose term considering he doesn't actually have a family.

Because of not only the nation he belongs to, but also because of the very nature of his creation, Barry is extremely loyal; to the point where it could even be considered as a weakness. He is very gung-ho, and

you could probably find his photo in the dictionary next to the word ***Machismo*** if you tried hard enough to find it.

Barry always attempts to find the most direct resolution to most conflicts, though this doesn't mean he's an idiot either; it's just what he's built for.

Utter Carnage.

History

Barry was 'born' on [YE 44.05.12](#) on the planet of [Nepleslia Prime](#). Created in a vat and purely designed for war, Barry didn't have the childhood he always dreamed of, rather having no childhood instead. Trained practically from creation in not only the art of warfare, but also most other things children are taught; Barry was quite average when it came to his intelligence. It took two years for Barry's training to be completed; and he was then let loose in the world.

It didn't take long for him to try to enlist. Apparently anger issues, super soldier and the civilian populace don't mix well; so he ended up enlisting. Because of his 'unique' background, Barry was selected for Blackguard. Despite the unit's elusive background as an elite unit, picking new people like Barry wasn't unheard of either. Someone like Barry could be extremely useful for the unit if properly trained, after all.

Social Connections

Barry does not have any connections. He was born in a pod, and struggled to make friends.
