Dyna Mostrokov

Species & Gender:	Female <a href="#">Nepleslian</a>
Organization:	Nepleslian Space Marine Corp
Occupation:	Machine Gunner
Rank:	Private
Current Placement:	@@Assignment@@

## Physical Description

Body Type: In a word, Muscled. Dyna may not have all of her old wrestler definition; she definitely retained the muscle mass and works out as much as she can to keep herself healthy and strong.

Height: 6'1"

Weight: 162 lbs

Measurements: 33D-27-42

Skin: Her skin is a warm honey color.

Hair: She has strawberry blonde hair with dyed green streaks running through it. She keeps it straight and cut in a half bob style.

Face: Dyna has an angular square shaped face. Her eyes are almond shaped, originally her eyes were brown but she received bio mods that turned them into a bright neon green. She has a wide mouth that is usually curled into a smile.

Distinguishing features: The first thing anyone would notice about her are burn scars on her face. The right side of her face is severely damaged, so much so that she needed a great deal of reconstructive surgery to regain function in her eye and to fully open her mouth. The doctors were willing to do more work to eliminate her scars completely but she preferred to leave the rest of her burns for posterity. If someone or something is getting on her nerves she usually feels her scars start to itch.

## Personality

Personality and voice: Possibly as a side effect of her time as a wrestler Dyna is as loud and boisterous as a person can conceivably be. She has a tendency to compete with people for attention not out of a desire to be seen but more just a force of habit that she's trying to suppress for the sake of her comrade's respect. She's friendly to just about everyone she meets but if they don't immediately reciprocate she'll turn on them fast. She gravitates towards people with passion and even if someone's passions aren't all that interesting to her she'll find a way to be interested. Sadly there's not much that interests her at the moment as most of her life was consumed with wrestling and fitness until her enlistment so she hasn't had time to develop other hobbies.

Likes: Violence, partying, alcohol, friendly competition, loud music, fitness

Dislikes: assholes, creeps, traitors, meditation, slowing down, regrets

## History

Dyna Mostrokov was born in 20日 3月 21. History: Born Into a family of professional wrestlers Dyna had a choice growing up, either join a gang or join the family business. She found some success as the Incomparable Dynamo! Just as her career was set to take off her promoter forced her into an incredibly dangerous stunt involving pyrotechnics. Things went horribly wrong and she got hurt but her match partner ended up losing her leg. Enraged she attacked her promoter and although she didn't do enough damage to get prison time, she still found herself black balled as a wrestler. With no where else to turn she found herself in a recruiting office for the Space Marine Corp.

In basic she excelled at the controlled chaos of being a gunner. Dyna was happy to lug around the heavy gear but her time pulling off staged wrestling moves meant she was always conscious of her comrades in arms and excelled at keeping suppressing fire down range without any risk to her fellow marines.

## Survival

Nepleslian Marines are trained not only to be able to survive in hostile conditions but to thrive if given the opportunity. Marines are trained to live off the land without resupply through training spent teaching them the skills to recognize edible plants and animals throughout the Kikyo sector, to catch and prepare said animals, and how to navigate without electronics or a map. Marines are also taught how to make a fire without any of the usual means as well as to survive in cold weather without a fire.

Before each mission marines are given a pamphlet or dossier on the conditions on their operation zone or those of not only their planet they are on but of those within the system from the local flora and fauna, to easily memorable star charts for navigation or ease of access information such as local friendly DION elements, communications channels, or established but otherwise abandoned locations and landmarks.

## Specialty: Marine Gunner

Marine gunners are trained in the use and maintenance of heavier automatic and suppression platforms.
