History

Hugh Huey Graves was born in [YE 10](#) on Nepleslia Prime. He was born to two wealthy senators in the Nepleslian Government. He grew up going to extravagant galas and having one's life always on display. He learned to read people and manipulate them to get what he wanted.

As he grew he was always popular, able to smooth talk his way through any situation. He began his political career as his father's aid, learning the ends and outs of the trade. However, unlike his parent's, he did not want to become a senator. He wanted to travel and experience all there was in the sector.

So Huey moved out to Nepleslia and began working in the Nepleslian Foreign Service Office, rising through the ranks. By the time the new Premier, [Gaelan Sanders](#) took office, he had been working as an aid under multiple different diplomats.

When Nepleslia learned of the [Iromakuanhe Astral Commonwealth](#) out in the Astral Cluster, Huey jumped at the opportunity and asked his bosses to put him forward.

A few weeks later and he was appointed as the official Ambassador to the Commonwealth...
