Jin Lee is a tall [Lianjia](#) woman, standing at 175cm with a lithe and athletic build. She has long, jet-black hair that is often styled into a ponytail. Her piercing dark brown eyes seem to miss nothing.

She has a face that is sharp and angular, with high cheekbones and a strong jawline. She is said to have a confident and commanding presence and her poise and posture are impeccable. Something very uncommon among Reds.

Personality

Jin Lee maintains a cold and calculating demeanor when she is not in a public setting in order to defend herself from the life of politics. When she is out in public, that is where her true-self is allowed to shine, a warm and compassionate person that will strip herself of her clothes to help the needy.

Because hiding her true self takes a lot of effort, she hides herself among a few trusted bodyguards to engage in artistic pursuits and scholarly work. She releases the art under the pen name Aki and the research papers under Dr. Cho.
