History

Family (or Creators)

Mother: Sarah Saxton (Deceased) Father: Mark Saxton (Deceased)

Pre-RP

Michael was fighting for his life the very day he was born. Complications during the birth caused his mother to die of a cardiac arrest. This unfortunate event turned Michael's father, a former soldier, into a strict and bitter man. His only interest in his child was Michael's fighting skill. He trained Michael in the use of firearms and hand to hand combat. Due to his father's strict training routine, Michael often got into fights with other children, sometimes starting them without provocation. He caught the attention of a local gang, and was recruited after he beat two of them in a fist fight. Michael let out his anger through acts of vandalism and violence. He received his scar during a skirmish against a rival gang, where he was slashed across the face. When an innocent bystander was killed during a rather violent brawl, Michael decided to leave the gang. He went through different jobs, like bar tending and construction work. When his father died from a heart attack, Michael decided to continue his father's legacy, and he joined the Marines.

Skills

Communications

Michael knows most Nepleslian words and he can write reports and fill forms though he occasionally misspells words and he hasn't learned all Nepleslian words. He is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, ships, ground vehicles, power armor, and shuttles in both combat and non-combat conditions.

Fighting and Physical

Hand to hand- Michael was taught at a young age to fist fight. Years of fighting on the street have made his reflexes faster than the average human's. He is skilled in the use of knives and any weapon he can get his hands on.

Firearms- His father had taught him how to use firearms. Basic Training had allowed him to master his skill. He prefers to use an assault rifle over any other weapons, though he'll eagerly use any high caliber weapons.

Physical- Michael is incredibly fit able to run for a long time. His large muscles allow him to hit hard and do jobs that require heavy lifting.

Survival

Life in the urban sprawls have made him a natural scavenger. He knows how to build shelters, start fires and navigate without maps or electronics from Survival Training.

Strategy(Tactics & Discipline)

Michael has extensive knowledge of battle tactics. He is very disciplined and will follow any order his superior gives him. He excels in urban combat, knowing how to fight in enclosed spaces and flanking tactics. He doesn't fight well in areas with little cover, such as deserts.
