# History

Looking more like an ID-SOL, Ozzrik King grew up in the slums of Funky City. His parents and his brother spent a lot of their time together. His parents insisted that he study and learn. His father would say "You're a king, act like a king!" while his mother would say "You don't have to be good, you have to be better."

His parents owned a business together and were able to provide well for their family. The Kings lived in the slums because his parents felt it was important to give to the community as much as it was to push their own sons to succeed. This was the life of Ozzrik King, some what normal, hardly interesting and definitely without purpose. At least not until the day, everything changed.

Ozzrik's older brother had been gone for days. This wasn't unusual he was more of a free spirit. He never studied would sneak away to airbike races for quick cash. However, one day he came back, broken and battered. All he could squeak out was "The Chain" until he drifted into a coma-like state. It was at the sight of his brother, Ozzrik took to the streets to avenge Keith. One day after many brawls, Ozzrik ended up almost like his brother, but instead with a nasty gash across his left eye. He tried but he was outclassed as a fighter. He learned a bit but in the end, he couldn't make the change he wanted. His parents pleaded with him, "Stop it Oz, you're not going to get anywhere this way," Funny thing is, Oz agreed. The change had to be bigger...it had to be more meaningful. He took his brawl to the military.
