# Physical Characteristics

- Height: 5'9
- Mass: 150lbs
- Measurements: C

**Build and Skin Color:** She has a slender unremarkable build and pale skin.

**Eyes and Facial Features:** She has a golden brown pair of eyes that are almond shaped. Her chin is distinctive and she has a pert little nose. She wears little makeup aside from a very pale lipstick.

**Ears:** Her ears are Fleshy and small with no point to them. She has piercings throughout the edge of her right ear.

**Hair Color and Style:** Rei has short red curly hair that she often pins out of her face so it doesn't get in the way of her work.

# Psychological Characteristics

**Personality:** Rei is introverted and takes things incredibly seriously. It takes her longer to get jokes but she doesn't usually let on. Instead she picks up on the social cues of others that tell her that something is funny.

Rei values taking care of other people over taking care of herself. She doesn't mind doing something foolish if it is worth the risk based on her own value system. She often disagrees with Nepleslian ideals and orders but carries them out anyway because more than anything she is seeking approval.

She is insecure about her past because it is different from those in her squad.

- **Likes:** Reading, Writing in a journal, Meditation
- **Dislikes:** The NMX, Fatty foods, Violence, War and unnecessary conflict, smoke
- **Goals:** To realize a peaceful and prosperous future for all the races in the universe. To find a way to fit in with Nepleslian Society

# History

## Family (or Creators)

Her family were originally Nepleslian doctors that traveled on independent ships. Assisting the crew there. A few years after Rei's birth they settled in the Yamatain empire and they transferred into NH22C bodies when they became available. Her mother's Name was Meg and her father's name is Aron. The

family moved to the [United Outer Colonies](#) in YE30. Unfortunately they were forced to leave their new home years later. They took Refuge in Neplesia after Meg was killed tending to the wounded in the [Second Mishhuvurthyar War](#). Her father runs a small clinic on Neplesia prime.

## Pre-RP

Rei Spent most of her life growing up with her parents as they tended to the sick or wounded in Yamatai. She learned their craft through watching them. Picking up her parent's habits Rei always had a lot of interest in helping others. Rei was nineteen and interning under her parents when they decided to join the UOC and live on Jiyuu III. Her hopes for the future were postponed when they were forced to evacuate the planet and move to Neplesia Prime. It was easier for her to Gain Neplesian Citizenship because her parents were Citizens originally.

Rei worked with her father for another year before deciding that she wanted to join the military so she could find her own place in her new homeland. She's moved so much that she can sometimes feel like she doesn't belong anywhere. The only place she felt she cared about was stolen away from her.

She spent a year and a half taking official medical training in addition to the marine training required for military enlistment. She wasn't properly complete in her training when she was thrust into a combat situation. Rei and her fellow recruits made planetfall on a border world and encountered a [Ripper Power Armor](#) it caught her off guard her reflexes unhone and her pilot ability untested. It sliced her [NAM Terratech General Combat Armorsuit - "Hostile"](#) in half leaving her very near death, her legs severed near her knees.

After the harrowing ordeal she spent a year in recovery getting fitted with cybernetic legs. Once she was mobile again she withdrew from the marines and studied medicine getting her doctorate.

## NSS Surprise

She has received her first mobile posting recently and has been with the [NSS Surprise](#) for a very short time and is excited to be a ship's doctor. She is worried that her shellshock from her early military experience will be a detriment but will do her best to do her work to the best of her abilities.

# Skills

## Communication

Rei is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, ships, ground vehicles, power armor, and shuttles in both combat and non-combat conditions. Rei is fluent in Nepleslian, Yamataian and Seraphim. she can speak and write them correctly and efficiently and can write reports, fill forms, issue orders under fire, etc. The character is skilled in field communications and is proficient in all rudimentary forms of communication (hand signals, flashing lights, etc).

## Fighting

Rei received intensive hand-to-hand combat training (primarily focused on disabling and/or killing opponents) and has followed up that knowledge with a rigorous training program. Weapons she is trained in include pistols of all types, knives, grenades (and other forms of explosive weaponry) and rifles of all kinds. Rei is in excellent physical shape and has considerable endurance. Rei is also able to pilot land-based power armors, but must rely on the suit's A.I. to do anything advanced.

## Survival

Rei knows how to survive in hostile environments. she can build shelters, hunt and forage for food, build a fire, etc. Rei can camouflage herself and is familiar with guerrilla warfare tactics.

## Strategy (Tactics/discipline)

Rei can understand and give out tactical commands and work with her troop to follow those commands efficiently. She knows the importance of teamwork on the battlefield, has been intensively trained in discipline and morale, and is able to recognize the command structure even while under extreme pressure (combat, etc). Rei is able to recognize ambush points. He knows basic math in order to calculate distances, etc, and can use a tactical map.

## Medical:

Rei knows how to diagnose and treat conditions, apply first aid and emergency care (CPR, etc), and perform field surgery/general surgery if given the proper tools/facilities. Rei knows how to work in and use hospital equipment. She has had extensive training in the medical field and has studied the physiology of many of the common species. Given the right equipment and assistance she could perform more advanced surgeries.

## Biology

Rei has been taught extensively about ecology, genetics, xenobiology, zoology, and nutrition. She has a great deal of interest in this science.

## Technology Operation
