History

Family (or Creators)

Nepleslian Arms and Munitions

Pre-RP

There's not much to Rhogar's history he was created then trained and honed into a well oiled killing machine. During training in one of the live fire training exercises one of his batch brothers was not taking the training exercise serious and was killed in front of Rhogar's eyes and that is what has made him into the stern no joke around soldier while in combat.

Skills

Communication

Rhogar is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, ships, ground vehicles, power armor, and shuttles in both combat and non-combat conditions. Rhogar is fluent in Nepleslian. He can speak and write it correctly and efficiently and can write reports, fill forms, issue orders under fire, etc. The character is skilled in field communications and is proficient in all rudimentary forms of communication (hand signals,

flashing lights, etc).

Fighting

Rhogar received intensive hand-to-hand combat training (primarily focused killing opponents) and has followed up that knowledge with a rigorous training program. Weapons he is trained in include pistols of all types, knives, grenades (and other forms of explosive weaponry) and rifles of all kinds. Rhogar is in excellent physical shape and has considerable endurance. Rhogar is also able to pilot land-based power armors and knows advanced maneuvering because of his focus in piloting power armor.

Survival

Rhogar knows how to survive in hostile environments. He can build shelters, hunt and forage for food, build a fire, etc. Rhogar can camouflage himself and is familiar with guerrilla warfare tactics.

Strategy (Tactics/discipline)

Rhogar can understand and give out tactical commands and work with his troop to follow those commands efficiently. He knows the importance of teamwork on the battlefield, has been intensively trained in discipline and morale, and is able to recognize the command structure even while under extreme pressure (combat, etc). The character is able to recognize ambush points. He knows basic math in order to calculate distances, etc, and can use a tactical map.

Demolitions
