- **Facial Features:** Child-like features, larger-than-normal eyes
- **Eye color:** Green
- **Hair color and Style:** Medium-length dark-green hair, coarse and messy, pulled into a small sideways pony tail

## Peke in Roleplay

Circuitbreaker Peke Twenty-Two is the proclaimed Administrator of the Automanufactory of the Cirrus Research Station. Although small and relatively young, she has excessive knowledge of mechanics and robotics, as well as an excessively child-like mentality. She is almost always accompanied by her larger counterpart Automata, Goat, which she often rides upon via a small, moldy childs' carseat welded onto Goat's back.
