Domiel in Roleplay

Domiel is an [NPC](#) created by [Orion](#).

Domiel's Appearance

Build and Skin Colour: Domiel is a well-built and extremely graceful figure with chalk-white complexion. His wings are large and very strong, and something of an oddity among Patricians, not pure white. His remiges are banded with black and white. **Facial Features and Eye Colour:** Domiel has sharp avian features, with vibrant deep-set eyes, drawn lips, and a tall, slightly hooked nose. His eyes are dark blue in color. **Hair Colour and Style:** Domiel has short, sandy blond curly hair that he keeps well-brushed but doesn't 'style' it in any particular manner. **Clothing:** Domiel is a military man through and through, dressing primarily in military uniform. On those occasions that he wears casual attire, he wears plain white cotton iyko, i'yaloh, and soh'k'tohs.

Domiel's Personality & Mentality

Domiel is a sharp but very modest man. He is not prone to taking credit even when his actions are plainly heroic. A veteran of two of the Heavenly Wars, he has grown to have both a strong respect and a strong resentment for Yamatai. He is also quite pragmatic, however, and has come to accept that Yamatai is better as an ally than an enemy. In general, Domiel is a man who could have retired in high honor years ago and likely established himself firmly in the Senate, but chose to remain in out of a duty complex of stunning proportions.
