## History

Alina Shanui was born on [Ayenee](#) in [YE 22](#) to Colean and Eitea. Her birth occurred directly after the [Space Race and the Colonization of Ayenee](#). A good portion of her childhood unfolded on the planet which she was born, due to her parents trying to provide her a stable upbringing. Early on in her childhood she displayed strong preferences for cleanliness and organization. This went as far as to keep her room and other parts of the house clean if she noticed a mess or otherwise disorganized items.

During the [Umarian Wars](#) she took on a much more important role in the household, even though she was still very young due to the death of her father Colean. When the Umarians pushed the Continuum out, her father had been serving as part of the Continuum's military presence. Her father perished along with many others that were forced out that day. Eitea had never been one for handling official business

in regards to household matters, leaving many of these to fall to the only offspring Alina.

From [YE 40](#) to [YE 44](#) she focused her studies on [Human resource management](#) with the hopes of one day serving in the military. However, things did not go as planned thanks to the [Craethal War and the Declaration of Null](#). The destruction of new Noria and the events that led to Empress Sinith's death also took the life of her mother. This left her on her own right as her people fled onto the arks.

When the [Norian](#) arrival occurred in [Xylar](#) in the [Kikyo Sector](#) she became determined to lend her talents to the saviors of her people. Immediately after recovering from the events of Operation Fireplace she sought to lend her skills to the Star Army of Yamatai, picking up the local language in the process. At the end of [YE 44](#) she was stationed at her first place of duty [Uesureyan Fortress](#) as a [Star Army Clerk](#). However, soon after [YE 45](#) began she was transferred to [YSS Mazu](#) to be Taisho [Shimizu-Motoyoshi Akina](#) ([清水本吉明菜](#))'s personal clerk.

While waiting to officially report onboard Alina assisted with locating mission essential missing parts. In the partnership with two other's she found Shosho Taro's missing luggage, which had been right where they started the whole time. She returned to the [YSS Mazu](#) and reported for duty to [Taisho Shimizu-Motoyoshi Akina](#) ([清水本吉明菜](#)) and [Shosa Mazu Minato](#).
