Physical Description

Serving as the canvas for her colorful, doll-like features, Araya Mikasa possesses an ovular facial profile, defined by a slender, delicately-framed jawline and a small, daintily pointed chin. Slim cheeks and a rather petite nose are set above her jawline, framing a pair of large, prominent eyes with *excessively* long lashes. For this reason, it almost goes without saying that she has a great deal of trouble using

microscopes! However, Mikasa’s most apparent feature are her lips, which have a plump, inflated *puffiness* to their form, as if they were giant pillows around her mouth. Naturally, Mikasa tends to accentuate them with glossy [magenta](#) volumetric lip paint which matches the color of her eyebrows. She maintains these in the shape of dramatic, semicircular arches.

Mikasa has [long and pointed ears](#), taking after those of an Elf. She does not have a tail.

Although her frame is svelte and diminutive, Mikasa's build is characterized by a *severely* feminine geometry. Her neck, shoulders, arms, calves, and collarbones are skinny almost to the point of being gaunt. She is gifted with a strikingly narrow, waspish waist, defined by a delicate abdominal musculature. However, just above this area her shape balloons outward with the swell of her abundant breasts, each of which are only slightly smaller than her head. Below, her hip and gluteal regions expand considerably both in terms of width and depth. A large, bubble-like backside protrudes *far* out past her shoulder blades while her hips broaden markedly past the width of her shoulders. To support her frame, Mikasa has *extraordinarily* long legs and thick, yet compact thighs honed by daily workouts.

Personality

- Primal Zodiac Personality Reference: [Unicorn](#)
- Moe Archetype: Mild [Chuunibyou](#)

Possessing an energetic and agile manner, Araya Mikasa is innately charitable, tenacious, and outgoing. These are traits which allow her to quickly build strong relationships with almost anyone she meets. However, Mikasa is also prone to bouts of exaggeration, drama, and distraction, making her somewhat zany and unpredictable. Even so, she very much craves attention, which is her primary motivation for almost anything she does. In that regard, a promise of attention can dampen her dramatic tendencies and make her quite consistent, ultimately keeping her moods stable when called for.

History

Created at the [Virginia Fleet Depot](#), Araya Mikasa was inspired to become a fighter Pilot from the moment she finished the first story mission in *Void Dancer 9*—an arcade-style space combat VCE game which her friends introduced her to during socialization. After completing socialization, Mikasa committed herself to becoming a Star Army Pilot and as such, preemptively studied for the various aptitude tests

during her free time while undergoing basic training to ensure that she qualified for flight school. After completing basic training, she went straight from [Fort Hikari](#) to [Fort Shotou](#) for pilot training. Upon her graduation, Mikasa was assigned to the 52nd Squadron, which soon saw her embarked on a mission to the [Nashoba Sector](#)...
