Physical Description

Arny is 5'1" 98lbs and has a B-cup that she wears well. She is purple-skinned with cryptic light brown eyes and hime-cut brown hair. Her ears are folded back with a point at the tips and are well colored. Her lips are full and she has a facial tattoo that gives her the slightest bit of freckles on her upper cheeks. It is not a tattoo of samurai of old, but more an homage to them. Her legs are thinner than normal, which they make up for in muscle.

Personality

She was nicknamed Arny by a friend in basic training and later that friend was killed in a live fire exercise, which shook her to her core, though she hides this well and isn't capable of doing poorly in any of her tasks as starship operator. She is clever, yet polite, and a pleasure to be around. Despite this, she is reluctant in making friends for fear of losing them. Arny has a soft voice that comes off as a little scary when she gets serious. She has a habit of showing off being it in her piloting, chess, or dancing skills. She is very confident in her ability to overcome difficult situations.

History

Ito Arnbjorg was born in [YE 38](#) in the city of Kyoto, Yamatai and having trained at [Fort Ready](#), was well prepared for starship operations, just not in deep space, yet. Having a small starport on the base helped her learn the mechanics and nuances of flying.

She went through basic training and watched a friend get shot by live fire and was shocked by the experience. They were able to get an [Soul Transfer](#), though the experience still sits with her, as if shadowed by the memory of it. She is more than capable in gun fight, though inside, deep where she tries and succeeds to hide it, is the worry that something like that will happen again, but in enemy territory.
