Physical Description

Measuring at 213cm and weighing 65kg, Aurora Cladius has the typical toned lithe build (–measurements) found among female Patricians. She has blonde hair (originally black), violet eyes, large white wings, and a creamy skin complexion.

Personality

Like all Elysian Patricians, Aurora has an intense sense of pride stemming from her early childhood. But since being adopted into the [Mizumitsu Samurai](#), she has learned to focus it in actions that benefit

society as a whole. So long as a person is willing to keep going, Aurora is willing to teach and guide individuals with little fuss. Even others of other species, unlike most other Patricians.

Aurora's visible personality traits depend on where she is and who is around her. But in most instances, she can be described as a very cheerful (almost on the verge of jumping like a child) individual that will go out of her way to help others.

While she maintains the perception that she can live among all races with ease, Aurora puts in extra effort to reach out to her fellow Elysians. One part of it is to spread the teaching of tolerance she learned from her adopted father, but a large part of it is really something nagging at her from within to return to her people. While she does desire to go to the [Elysian Celestial Empire](#) as the ones there are the greatest in need, she remains fearful of the experience.

[Kleos](#) does matter to Aurora, though in her own religious (again influenced by her adopted clan) eyes it is only gained with selfless actions.
